Must: Submit a site plan with a drawing showing footage from all the property lines.

A. Property lines at site **MUST** be visibly staked for verification before the permit is issued.

B. The home must be placed 25' from the front property line, 5' from both side property lines and 5' from rear property line.

C. The minimum exterior side/rear yard setback shall not be less than fifteen (15) feet, except that where the lot is adjacent or abuts on a major thoroughfare, the building line shall not be less than twenty-five (25) feet from the side property line. Where the side of a corner lot is across from, or adjacent to the front yards of other lots, the building shall be at the same setback distance from the street as the front building line of the opposite or adjacent lots.

All electrical, mechanical and plumbing work must be performed by a licensed contractor. Permits for electrical, mechanical and plumbing can only be issued to the licensed contractor.

**A drawing with a site plan showing the above stated requirements
must be attached with this application.**

I hereby certify that I have completed this document and know the information supplied is true and correct to the best of my knowledge. All provisions of laws and ordinances governing this placement will be complied with whether specified herein or not. Granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Signature of Owner, Contractor, or Authorized Agent
