City of Wharton Solid Waste Pickup

Wharton, TX, August 25, 2017 –

Due to impending severe weather conditions, Waste Corporation of America (WCA) will not be servicing waste collection pick-ups that are scheduled for today. It is unknown at this time if the normally scheduled routes for Monday residential customers will be serviced. WCA will continue to assess the weather conditions over the next several days and we will inform residents when the trash service will resume. Residents and businesses are asked to collect any trash that maybe currently out for pick up until services are available. The City of Wharton apologizes for any inconvenience this may have caused.
