## **City of Wharton Flood Debris Collection**

*Wharton, TX, September 20, 2017 –*

Due to the flooding caused by Hurricane Harvey, the City of Wharton has a contractor for debris collection that has begun collections in the heaviest hit areas of the city. Waste Corporation of America (WCA) is collecting house hold garbage but has suspended heavy brush pick up until further notice. To ensure proper and timely collection, please see that all flood debris is kept separate from any other garbage. The collection service will not be able to pick up household garbage and WCA will not be able to collect any mixed trash piles. We apologize for any inconvenience this may have caused you due to this flooding event and ask for your patience during this time. For questions, please call the City of Wharton at 979-532-2491.
