Combating Mosquitoes

Wharton, TX, September 12, 2016

The City of Wharton is taking proactive measures to combat mosquitoes and help reduce the mosquito population. Residents will continue to see the City of Wharton fogger truck spraying in the evening hours on its designated schedule. Additional information may be obtained from the City of Wharton website at:

http://www.cityofwharton.com/page/em_home

Tips to help combat mosquitoes:

- ◆ Stay indoors at dusk and dawn – This is when mosquitoes are most active.
- ◆ Dress in long sleeves/pants and wear light colored and loose clothing.
- ◆ Use repellent that contains deet, picaridin, or oil of lemon eucalyptus.
- ◆ Drain standing water in your yard/neighborhood. Drain flower pots, water dishes, bird baths and wading pools.
