## **Waste Corporation of America (WCA) Resumes Collection Schedule**

*Wharton, TX, March 28, 2017 –*

Waste Corporation of America (WCA) has resumed their normal brush and heavy trash collection schedule. Thank you for your patience as the collection of storm debris continues throughout the City. Residents have also begun their yearly spring clean-up efforts and there has been an increase in brush collection. To ensure proper and timely collection, please make sure all limbs are cut no more than 4 feet in length and stacked without any other garbage or tires mixed in. WCA will not be able to collect any mixed trash piles. Please make sure to keep brush and heavy trash piles away from gas meters and mailboxes. We apologize for any inconvenience this may have caused you due to the Valentine's Day weather event. For questions, please call the City of Wharton at 979-532-2491.
