Revised 08/30/2021

CITY OF WHARTON (Advanced - EMT)

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To respond to medical calls and other calls to provide medical services involving administering advanced life support procedures to persons experiencing medical emergencies; and to transport and give basic life support to individuals requiring emergency medical attention when needed.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the EMS Director EMS Supervisor, full-time staff and higher ranking part-time staff.

May exercise lead or technical supervision over Volunteers, basic EMS students, EMT-Basics.

EXAMPLES OF IMPORTANT RESPONSIBILITIES AND DUTIES

Essential and other important responsibilities and duties may include, but are not limited to the following:

Essential duties and responsibilities:

1. Perform EMT-I duties; administers advanced life support procedures to persons experiencing medical emergencies; administer appropriate drugs and treatments; provide basic life support procedures and transport individuals requiring medical attention as appropriate.
2. Prepare appropriate records and reports; enter information into the computer as required.

Essential duties and responsibilities (cont.):

3. Check and maintain medical equipment and drug supplies within the ambulance; maintain appropriate inventory levels for materials; perform preventative maintenance on vehicles and related equipment; prepare appropriate reports on a daily basis.
4. Operate ambulance and related emergency equipment including lights, siren, and radio; transport patients to hospital safely; apply medical care to patient during transport.
5. Perform routine cleaning and maintenance duties at the station and on ambulances.
6. Respond to hazardous materials incidents and fire calls.
7. Comply with all regulations and requirements as stated by the Texas Department of Health; comply with Texas Department of Transportation requirements for Emergency Medical Services personnel.
8. Attend staff meetings and continuing education meetings; assist with public education programs and health screening projects.
9. Make every effort to maintain good relations with the medical community and assist with patient care when requested by hospital personnel; cooperate with other agencies working jointly on common calls.

Essential duties and responsibilities related to Patient Privacy:

10. The employee is expected to protect the privacy of all patient information in accordance with the City's Privacy Policies, Procedures, and Practices, as required by federal and state law, and in accordance with general principles of professionalism as a health care provider. Failure to comply with the City's Policies and Procedures on patient privacy may result in disciplinary action up to and including termination of employment or of membership or association with Wharton EMS.
11. The employee may access protected health information and other patient information only to the extent that is necessary to complete your job duties. The employee may only share such information with those who have a need to know specific patient information you have in your possession to complete their job responsibilities related to treatment, payment or other city operations.
12. The employee is encouraged and expected to report, without the threat of retaliation, any concerns regarding the City's Policies and Procedures on patient privacy and any observed practices in violation of that policy to the designated Privacy Officer.

Essential duties and responsibilities related to Patient Privacy (cont.):

13. The employee is expected to actively participate in City Privacy Training and is required to communicate privacy policy information to coworkers, students, patients, and others in accordance with City Policy.

Other Important Duties and Responsibilities:

1. Transport and distribute a variety of correspondence.
2. Perform related duties and responsibilities as required.
